UNIQUE
FEATURES

SEAMLESS EXPERIENCE

Glass walls between the aft-deck and main salon and openable floor-to-ceiling windows create a fluid indoor-outdoor space for contact with nature.

FLEXIBLE LAYOUT

Games room, dining room, private lounge, master stateroom: a range of options for the foredeck that can be configured to meet the owner's needs.

MAIN SALON

One-of-a-kind, with sliding floor-to-ceiling panoramic windows and retractable terraces, each one about 5 metres long, bringing the sea "inside".

CONVERTIBLE SKY LOUNGE

Up & down openable windows for the upper deck. A fully enclosed third deck protected against bad weather or open to the sky to enjoy the breeze and the scents of the sea.

PRIVATE SUN LOUNGE

A 36-square-metre area that can be easily adapted to the owner's requirements. The crew operations area is kept separate for total privacy.

SEMI-PLANING HULL

The hull is optimised to ensure a cruising speed of 12-14 knots, utmost comfort and low consumption, up to 30% less than those of other main players.

SOLAR PANELS

More than 50 square metres of solar panels that can generate more than 4 kW of power, combining the ultimate pleasure of life on-board with full respect for the environment.

OUR FLEET ARCHITECTURE

Our fleet has evolved in response
to the highly various needs
of experienced yacht owners and sailors
to include vessels ranging
from 18 to 35 metres,
divided into two series, each with
its own unique personality.
A Renaissance on board, a new way
to feel the sea.

THE POCKET-SIZED MEGA YACHT

Comfortable, agile, with options for customisation and expansive open spaces.

A

THE SYNTHESIS OF A PARADOX

The thin boundary between inside and outside, between sociability and privacy.

OUR SHIPYARD

Every renaissance begins in a specific location.
The ARCADIA YACHTS renaissance begins in its shipyard,
the centre of Arcadia's design and shipbuilding work,
where it all happens: from the lamination of hulls and fibreglass
to woodworking and finishing.
An advanced, energy-efficient facility extending
over a 47,000 sqm area in the Gulf of Sorrento,
a renowned centre of shipbuilding. Since ever.

What really counts at sea
is knowing where you are
and which direction
you are heading in:
ARCADIA YACHTS has set its course
for the future, with the sailors
of today and tomorrow.

This brochure in no way constitutes a contract of sale for the boatyard's vessels to any person or company.

All information contained herein, including but not limited to technical and performance data, illustrations, and drawings, is non-binding and for purposes of illustration only.

The information in this brochure refers refers to A115 Hull's 05 specific construction available as of the date of publication.

Technical and descriptive information is valid only to the extent that it pertains to the specific vessel that is the subject of a purchase.

Contract terms are valid only to the extent that they are contained in a contract of sale.

This document is based on information available at the time of publication.

Despite efforts to ensure the greatest possible accuracy, the information contained herein may fail to cover all details, omit technical or commercial changes that may have been made subsequent to publication, describe features that are not present, and fail to envisage all circumstances that might occur.

Any illustrations, photographs, diagrams and examples shown in this brochure are included solely for the purposes of illustrating the text.

Due to the different features of each vessel, the boatyard assumes no liability for actual use based on the illustrated applications.
