## OUR SHIPYARD

Every renaissance begins in a specific location. The ARCADIA YACHTS renaissance begins in its shipyard, the centre of Arcadia's design and shipbuilding work, where it all happens: from the lamination of hulls and fibreglass to woodworking and finishing.

An advanced, energy-efficient facility extending over a 47,000 sqm area in the Gulf of Sorrento, a renowned centre of shipbuilding. Since ever.

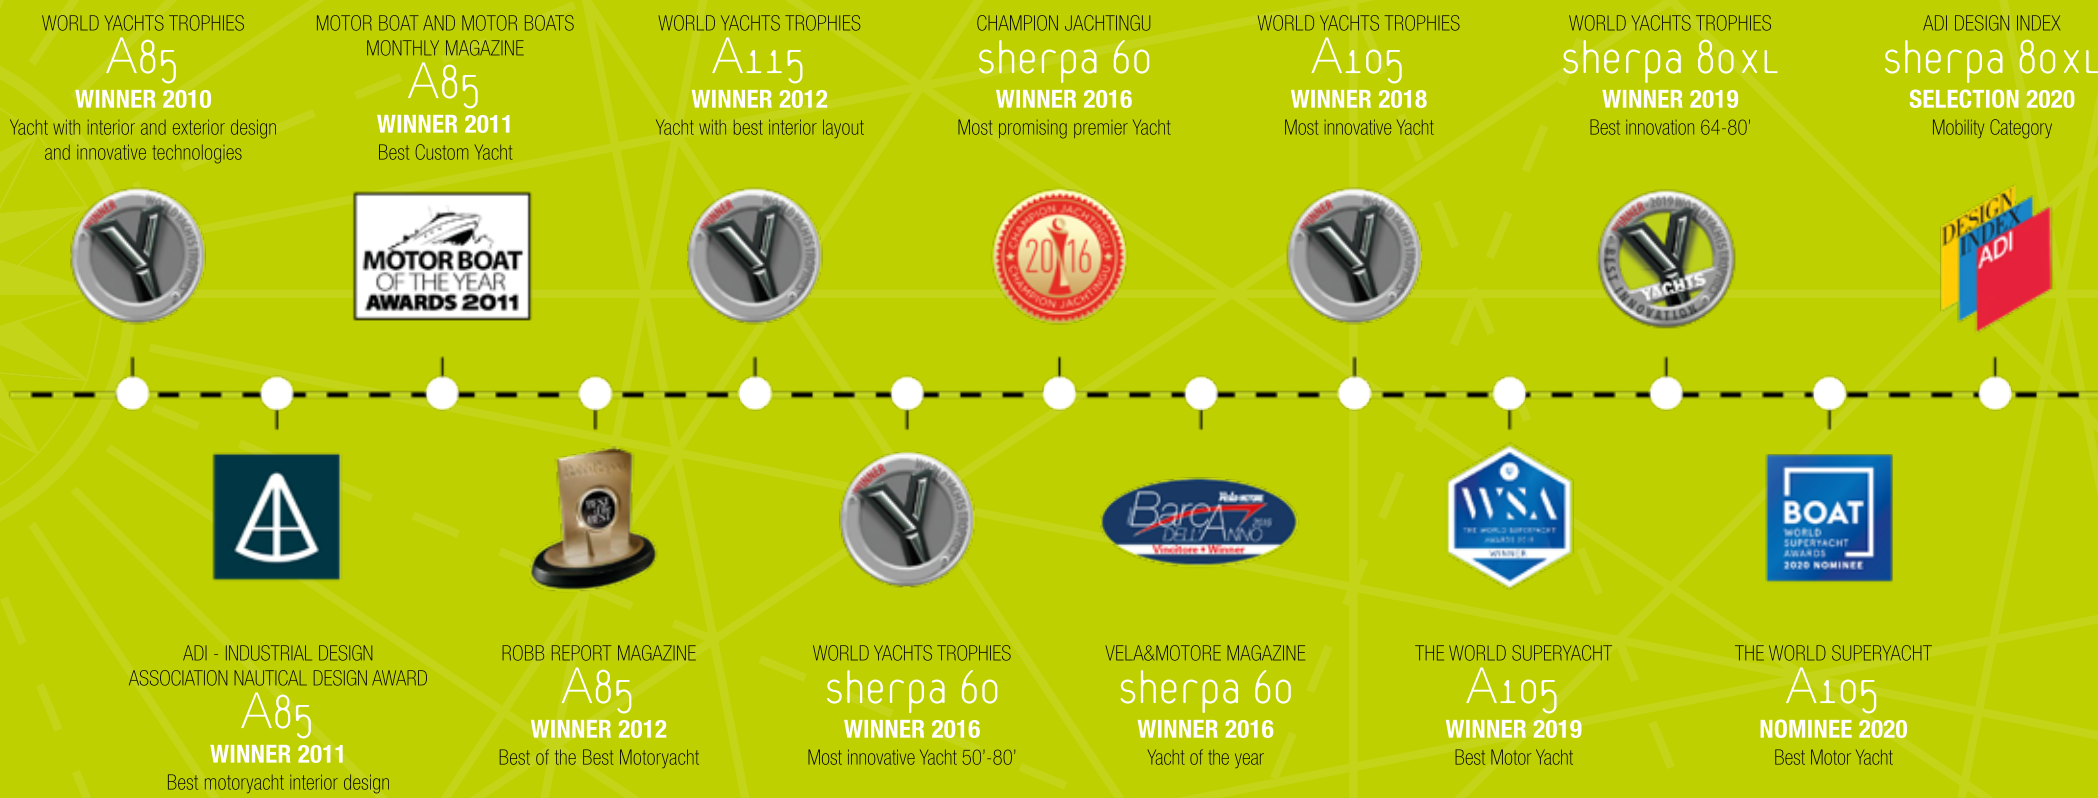

What really counts at sea  
is knowing where you are  
and which direction  
you are heading in:  
ARCADIA YACHTS has set its course  
for the future, with the sailors  
of today and tomorrow.
